

Ravines Golf Club
2017 Rates & Fees Schedule

Ravines Golf Club adheres to a pricing system largely dependent on how busy the course is. As a result, rates may vary depending on the number of golfers currently or expected to be booked with weather playing a major role. To protect our pace of play for all golfers enjoyment, non-retail fee play may be unavailable on our busiest days. On slower days our rates may drop without advance notice. Advance tee time reservations are always suggested and walk-on play is seldom discounted.

Our VIP Club members will always receive the absolute lowest price advertised in addition to receiving up to 25% off rates at all times. [Click to Learn More](#)

*In addition to our stated golf rates we have **Special** play opportunities available. These special play fees are not always available so please call ahead and reserve your tee times.*
